# Why use AGE?

## 1 Competitive bidding.

We represent multiple retail electric and gas suppliers. We will shop your accounts with all of them to ensure you are getting the best rates in the market.

## 2 Market monitoring.

Energy prices and policies change constantly. Our team monitors these changes everyday to be in a position to better advise you of when to take action.

## 3 Advocate for you.

If there is ever a problem, our team of consultants work on your behalf with your energy supplier. No more long holds on the phone taking time away from running your business.

## 4 Local personal advisor.

Our team of energy consultants work for you, face-to-face, to help you better understand energy markets and make the smart decisions for your business.

## 5 Increased buying power.

AGE manages over 3 billion kWh's under contract. Many of our clients are pooled together in aggregate to increase their negotiating power for electric and gas rates.

## Start Saving Today!

Send a recent copy of your utility bill(s)

If you are in a contract currently, include a copy of the agreement or the contract's expiration date.

Our team will take care of the rest!
